TO WHOM IT MAY CONCERN

I would like to highly recommend the Company Pure O2 Limited and their representative Mr. Richard Blackhurst as well as the product supplied by them = namely the Sequal Eclipse 3 portable oxygen concentrator.

The machine was the most amazing machine and far superior to another brand which had been used previously and supplied by another Company. It was extremely easy to use and set up. Richard Blackhurst spent endless time advising me on the correct machine and also was always available for the few queries I had when first taking delivery of the machine.

Nothing was too much trouble for him and if he was not available his colleagues were always most helpful and all promised return calls were always made.

Richard has my contact details if anyone would wish to speak to me personally but I have absolutely no hesitation in recommending this Company and the product supplied
